5. The Company has entered into agreements with National Securities Depository Limited (“NSDL”) and Central Depository Services (India) Limited (“CDSL”). The Depository System envisages the elimination of several problems involved in the scrip-based system such as bad deliveries, fraudulent transfers, fake certificates, thefts in postal transit, delay in transfers, mutilation of share certificates, etc.

- Simultaneously, Depository System offers several advantages like exemption from stamp duty, elimination of concept of market lot, elimination of bad deliveries, reduction in transaction costs, improved liquidity, etc. Members, therefore, now have the option of holdings and dealing in the shares of the company in electronic form through NSDL or CDSL. Members are encouraged to convert their holding to electronic mode.
6. Securities and Exchange Board of India has mandated that the transfer of securities held in physical form, except in case of transmission or transposition, shall not be processed by the listed entities / Registrars and Share Transfer Agents with effect from 1st April, 2019. Therefore, members holding share(s) in physical form are requested to immediately dematerialize their shareholding in the Company. Necessary prior intimation in this regard was provided to the shareholders.
 7. **Change of Address:** Members are requested to notify any change of address and bank details to their Depository Participants in respect of their holdings in electronic form and in respect of shares held in physical form, to the Secretarial Department at the registered office of the Company or to M/s. Cameo Corporate Services Limited, at "Subramanian Building", No.1, Club House Road, Chennai - 600 002, the Registrar and Share Transfer Agent of the Company.
 8. Non-Resident Indian ("NRI") Members are requested to inform the Company or its RTA or to the concerned Depository Participants, as the case may be, immediately:
 - a. the change in the residential status on return to India for permanent settlement or
 - b. the particulars of the NRE/NRO Account with a Bank in India, if not furnished earlier.
 9. Pursuant to the provisions of Section 72 of the Companies Act, 2013, members may file nomination forms in respect of their physical shareholdings. Any member willing to avail this facility may submit to the company's registrar & share transfer agent in the prescribed statutory form. Should any assistance be desired, members should get in touch with the company's registrar and share transfer agent.
 10. Members who hold shares in physical form in multiple folios in identical names or joint holding in the same order of names are requested to send the share certificates to the Registrar and Share Transfer Agent, for consolidation into a single folio.
 11. Members are requested to forward their communications in connection with shares held by them directly to the Registrar and Share Transfer Agent of the Company M/s. Cameo Corporate Services Limited, at "Subramanian Building", No.1, Club House Road, Chennai - 600 002, Tamil Nadu, India (Tel: 91-044-28460390) quoting the Folio No or the Client ID No with DP ID No.
 12. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
 13. Members desirous of receiving any information on the accounts or operations of the Company are requested to forward his / her queries to the Company seven working days prior to the meeting. The same will be replied by the Company suitably.
 14. In compliance with the aforesaid MCA Circulars and SEBI Circulars, Notice of the AGM along with the Annual Report for the financial year 2021-22 is being sent only through electronic mode to those Members whose email address is registered with the Company/Depositories. Members may note that the Notice and Annual Report for the financial year 2021-22 will also be available on the Company's website www.lgbforge.com, websites of the Stock Exchanges i.e., BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively, and on the website of Central Depository Services Limited (CDSL) at www.evotingindia.com. Members can attend and participate in the Annual General Meeting through VC/OAVM facility only.
 15. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended), and MCA Circulars the Company is providing facility of remote e-voting

4 LGB FORGE LIMITED

- to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
16. The Members can join the AGM in the VC/OAVM mode 30 minutes before and within 15 minutes after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
 17. Members attending the meeting through VC/OAVM shall be counted for the purposes of reckoning the quorum under Section 103 of the Companies Act, 2013.
 18. Members may note that M/s. N.R.Doraiswami & Co., Chartered Accountants, (Firm Registration No. 00077715), Coimbatore, the statutory auditors of the company were appointed by the shareholders at their Annual General Meeting (AGM) held on 30th August, 2018, to hold office for a period of 5 years till the conclusion of AGM to be held during the year 2023. Hence, no resolution is being proposed for appointment of statutory auditors at this Annual General Meeting.
 19. Since the AGM will be held through VC / OAVM, the Route Map is not annexed in this Notice.
 20. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are therefore requested to submit the PAN to their Depository Participants with whom they are maintaining their demat account(s). Members holding shares in physical form can submit their PAN details to the Company or Registrar and Share Transfer Agent.
 21. Brief resume, details of shareholding and Directors' inter-se relationship of Directors seeking election/re-election as required under Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standards 2, are provided as Annexure to this Notice.
 22. The shareholders are advised to register/update their e-mail address with the Company/RTA in respect of shares held in physical form and with the concerned Depository Participant in respect of shares held in electronic form in order to enable the Company to serve documents in electronic mode.

 25. Registration of email ID and Bank Account details:
 - (i) In case the shareholder's email ID is already registered with the Company/its Registrar & Share Transfer Agent (RTA)/Depositories, log in details for e-voting are being sent on the registered email address.
 - (ii) In case the shareholders has not registered his/her/their email address with the Company/its RTA/Depositories and or not updated the Bank Account mandate for receipt of dividend, the following instructions are to be followed:

- a. In case of shares held in physical form, kindly provide the required details to M/s. Cameo Corporate Services Limited at “Subramanian Building”, No.1, Club House Road, Chennai – 600 002, Tamil Nadu, India or to the Company at No. 6/16/13, Krishnarayapuram Road, Ganapathy, Coimbatore - 641006 (or)
- b. In the case of Shares held in Demat mode, the shareholder may please contact the Depository Participant (“DP”) and register the email address and bank account details in the demat account as per the process followed and advised by the DP.

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- (i) **The voting period begins on Sunday, 25th September, 2022 at 9.00 AM and ends on Tuesday, 27th September, 2022 at 5.00 PM.** During this period shareholders’ of the Company, holding shares either in physical form or in dematerialized form, as on **the cut-off date (record date) of 21st September, 2022** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated 09th December, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements)

Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders’ resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/websites of Depositories/ Depository Participants.** Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

The Company had adopted Ind AS with effect from 1st April, 2017 pursuant to the Ministry of Corporate Affairs notification dated 16th February, 2015 notifying the Companies (Indian Accounting Standards) Rules, 2015.

PERFORMANCE OF THE COMPANY

The Company has achieved total revenue of ₹ 13,071 Lakhs as compared to ₹ 9,286 Lakhs in the previous year. During the year under review, the Company has earned a net profit after tax of ₹ 344 Lakhs as against ₹ 343 Lakhs in the previous year. Profits for the year were lower despite increase in turnover, due to unprecedented price increase of raw materials (i.e. steel).

There was no change in the nature of business of the Company during the financial year ended 31st March, 2022.

TRANSFER TO RESERVES

The Company has not transferred any amount to Reserves during the year due to inadequacy of profit and hence no information as per the provisions of Section 134(3)(j) of the Companies Act, 2013 has been furnished.

DIVIDEND

The Board of Directors does not recommend any dividend for the year 2021-2022.

TRANSFER TO INVESTOR EDUCATION AND PROTECTION FUND

The Company has not declared any dividend from the date of incorporation and hence unclaimed dividend liable to be transferred to IEPF is not applicable to the Company.

During the year, the Company has noticed that, few share application amount received in the year 2012 for rights issue had been returned to shareholders through demand draft in the year 2012. But the same has not en-cashed by the shareholders within the demand draft validity period. Hence, the DD got cancelled after expiry and the amount of ₹ 5,852/- is still pending at unclaimed account. The Company is in the process of taking its best efforts to transfer the said amount to IEPF.

SHARE CAPITAL

The paid up share capital of the Company as at 31st March, 2022 aggregates to ₹ 238,202,463/- comprising of 238,202,463 equity shares of ₹ 1/- each fully paid up.

During the year under review there was no public issue, rights issue, bonus issue, etc. The Company has not issued shares with differential voting rights, sweat equity shares, neither has it granted any employee stock options nor issue any convertible securities.

The salient features of the said policy have been outlined in the Corporate Governance Report which forms part of this Report, and the said policy can also be accessed on the Company's website at www.lgbforge.com.

COMMENTS ON AUDITOR'S REPORT:

- There is no qualifications, reservations or adverse remarks or disclaimers made by M/s. NRD and Associates, Statutory Auditors.
- The Secretarial Auditor in his report to the members, have given eight observations and the comments of your Directors on them are as follows:-

Comments to point no.1:

Your Company has appointed 4 (four) independent directors viz Sri. A. Sampathkumar, Sri. V. Ragupathi, Sri. J. Prakash and Smt. S. G. Prabhavathy on 27th October, 2021 on the Board of Directors of the Company in due compliance with the provisions of Companies Act, 2013 and SEBI (LODR) Reg, 2015. The appointments were subsequently approved by the members of the Company through postal ballot on 28th December, 2021.

Meanwhile, SEBI has notified and amended the Regulation 16 (1) (b) (vi) vide SEBI (Listing Obligations and Disclosure Requirements) (Third Amendment) Regulations, 2021 read with the corrigendum, w.e.f. 01.01.2022, wherein the employees of promoter group companies can't hold any independent directorship in the listed entity. After the amended provisions coming into effect necessary changes were made in the Board of Directors to give effect to such amendment.

Comments to point no.2:

The Board has received resignation letters from Sri. B. Vijayakumar, Sri. K.N.V. Ramani and Ms. Aishwarya Rao w.e.f. 12th August, 2021, 09th September, 2021 and 16th September, 2021 respectively. Due to this sudden mishap, the number of Directors in the Board has been reduced to less than 6 members. But the Board has taken its best efforts and appointed 4 (four) new directors on 27th October, 2021 (i.e.) within a period of three months' time.

Comments to point no.3:

The company is in the process of transition from its existing accounting application SAP B1 into SAP S4 HANA. Due to this technical snag, we are unable to generate financial reports for the quarter ended 30th September, 2021. Hence, the gap between two Audit Committee Meetings exceeded 120 days. The Board has planned well in advance to complete this transition within the timeframe but due to some practical issues it was unable to do so. Henceforth, the Board ensures sufficient precautions not to repeat such instance in future.

Comments to point no.4:

The Corporate Governance Report for the quarter ended 31st March, 2022 was filed belatedly on 02nd June, 2022, subsequent to the date of report of the secretarial auditors. The Board is hopeful and committed to their level best to streamline the same in future.

Comments to point no.5:

The Company is law abiding entity, and is endeavor to file all applicable compliances within the time frame. However, there has been delay of 6 days in filing of Outcome of Board Meeting dt 25th December, 2021, Which the Board ensures to take care in future.

Comments to point no.6:

The Board is taking appropriate steps at all the times to keep the Company in the status of “Compliant”. In spite of its best efforts in place there was delay in filing financial results for quarters ended on 30th September, 2021 and 31st December, 2021, due to inadvertence. The company has taken sufficient precautions not to repeat such instance in future.

Comments to point no.7:

The company has intimated all its trading window closures during the reporting period FY22 except for the quarter and year ended 31st March, 2022, due to oversight. The Board has taken appropriate steps not to repeat the same in future.

Comments to Point No. 8:

The Company has received monies from the Members of the Company for the shares issued under Rights Issue during the year 2012. Further, the Company has allotted shares relating to all the monies received by the

Company towards share allotment. However, a sum of ₹ 5,852/- was not refunded to the prospective applicants due to cancellation of cheque/demand draft. The fact that the cheque/demand draft was cancelled appeared in the bank statement of the Company during the year 2018 and beyond the control of the Company. The Board is taking adequate steps to transfer the amounts lying in the unpaid dividend account to the IEPF (Investor Education and Protection Fund) at the earliest.

MAINTENANCE OF COST RECORDS UNDER SUBSECTION (1) OF SECTION 148 OF THE COMPANIES ACT, 2013

Pursuant to the provisions of Section 148(1) of the Companies Act, 2013 read with Companies (Cost Records and Audit) Rules, 2014, the Company is required to maintain cost records. Accordingly, the company has duly made and maintained the cost records as mandated by the Central Government.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2021

[Pursuant to Section 204 (1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To
The Members of LGB Forge Limited
(CIN: L27310TZ2006PLC012830)
No 6/16/13, Krishnarayapuram Road,
Ganapathy Post, Coimbatore – 641 006

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **LGB Forge Limited** (hereinafter called “the Company”). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

OVERVIEW OF THE ECONOMY

World: The world economy recovered from the pandemic related lockdowns to register a 6.1% growth in 2021 against a contraction of 3.1% in 2020. This growth was driven by strong consumer spending and some uptick in investment, with trade in goods surpassing pre-pandemic levels – it marked the highest growth in more than four decades. The uptick was supported by multiple factors that included amongst others extension of additional fiscal support in few large economies.

At the time when things were looking stable and the global economy was treading a recovery path after a short-lived impact of the Omicron variant, the outlook deteriorated, largely because of the geo-political development in Eastern Europe and the related economic sanctions being put in place. The war will severely impact the global recovery endeavours. Elevated inflation is expected to persist for quite some time, with ongoing supply chain disruptions and high energy prices continuing in 2022. The IMF (International Monetary Fund) says the global growth is projected to slow from an estimated 6.1% in 2021 to 3.6% in 2022 and 2023.

India: FY 22 was a year when India resurged with all its force to report one of the best GDP growth numbers in the last decade. India's gross domestic product (GDP) growth was at 8.9% in 2021-22 (instead of 9.2% estimated earlier). Gross Value-Added (GVA) in the economy has grown by 8.1% this financial year, from a 4.8% contraction in 2020-21 as per the National Statistical Office. As per the Economic Survey, India's economic growth is expected to remain in the range of 8 to 8.5% in 2022-23 as against a projected growth of 9.2%.

INDUSTRY STRUCTURE AND DEVELOPMENT:

Our company, LGB Forge Limited (LGBFL) is engaged in the business manufacturing Hot and Cold Forged parts catering to various industries. During the FY 2021-22 our company has showed healthy growth and generated ₹ 13,006/- Lakhs in annual sales through its products ranging from intricate closed die stainless, alloy and carbon steel forgings as finished and semi-finished machined components. The strategy of specialization in catering to custom-made and small quantity orders continues to pay dividends and has made the Company the preferred supplier to its customers. Our Company's expertise in making deliveries in short lead times, helps the customers to keep low level of inventories at their end.

Our Company is equipped with Hot Forging, Cold Forging & Open hammer presses as well as various CNC machines for the finishing operations. Our in-house tool room uses design and analysis software to design & manufacture dies and tooling that play a key role in the efficient production of forgings. The manufacturing plants are fully integrated with complete facilities for inspection, testing, cutting, forging, heat-treatment, finishing, machining, cleaning, surface treatment & dies & tool making

Our Company continues to upgrade its plant, equipment and infrastructure, on continuous basis.

BUSINESS ENVIRONMENT, OUTLOOK & PROSPECTS FOR FY23

According to ICRA, the Indian auto component industry is expected to clock 8-10% growth in FY23, supported by the easing of supply-chain issues and commodity

inflation in the second half of FY23. For 2022-23, the industry's revenue growth is driven by domestic OEM, replacement, export volumes, and pass-through of commodity prices. Over the long term increased demand for vehicles and focus on localization will translate into healthy growth for auto component suppliers.

We anticipate that the second half of the current year 2022-23 may see supply as well as demand slowly coming back to normalcy. As mentioned earlier, Auto Industry may fully recover only by 2023 and come back to its pre-covid levels if covid becomes a history.

LGBFL's focus will be squarely on maintaining the momentum achieved in 2021-22 by focusing on the automotive, industrial and export fronts.

OPPORTUNITIES AND THREATS

Opportunities:

- Company's specialization in execution of low-volume, high-mix orders with low lead time helps retain customers and increase business.
- New product and customer development is a focus area, which helps us to mitigate the risk of obsolete product range.

Threats:

- Emergence of EV market which may reduce demand for forged components.
- Labour intensive process, which can get hit during pandemics like Covid-19.
- Tariff's war impacting the international trade.
- Huge spike in the prices of Steel, Consumables, Freight, etc.

RISK & CONCERNS:

The company's Risk Management Policy is designed taking into account credible risks so that it can respond quickly and implement necessary mitigation measures. During Force Majeure events such as the lockdown due to Covid19, which were unforeseen, the policies adopted insulated the company from meeting obligations. The company was able to re-start operations in a limited way, within 15 days of the imposition of the lockdown and continued production to meet urgent requirement of the customers.

The Company has a diverse portfolio of products, spread over a large number of customers and across geographies, thus deterring industry risks to a certain degree. As steel is the major input with volatility risk, the pass-through contracts provide protection against volatility in steel prices. People risks are mitigated with motivation initiatives and engagement with employees.

SEGMENT:

Your Company operates in only one segment- Forging and machining.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

In the opinion of the Management, LGBFL has an adequate internal audit and control systems to ensure that all transactions are authorised, recorded and reported correctly. The internal control systems comprise extensive internal and statutory audits. The Corporate Governance practices instituted by the Company are discussed in detail in the chapter on Corporate Governance which forms part of this Annual Report.

INDEPENDENT AUDITOR'S REPORT

To the Members of LGB Forge Limited

Report on the Audit of the Ind AS Financial Statements: Opinion

We have audited the accompanying Ind AS financial statements of **LGB FORGE LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS Financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the company as at March 31, 2022, the Profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified u/s 143 (10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are Independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and ICAI's Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on Ind AS financial statements

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the Key Audit Matters to be communicated in our report.

S. No.	Key Audit Matter	Auditor's Response
1	<p>Adoption of IND AS 116 – Leases</p> <p>As per IND AS 116, a right of use asset and lease liability was recognized in the balance sheet. Lease liability is initially recognized at the present value of future lease payment during the lease term. This standard requires usage of significant judgments and estimation in recognizing the leases.</p> <p>The standard mandates detailed note on impact of leases.</p> <p>Reference is drawn to note 39 to the Standalone financial statements.</p>	<p>Principal Audit Procedures:</p> <p>We have performed the following audit procedures:</p> <ol style="list-style-type: none"> We have reviewed various judgments and controls applied by the management in classifying the leases based on contractual agreements. We have verified the reconciliation prepared between short term or low value leases and leases where IND AS 116 was applied. We have verified the recognition of right of use assets and lease liability including the estimates such as discount rates and lease term. Assessed and verified the presentation and disclosures of leases as per IND AS 116 including the disclosure requirements of transition period.

Emphasis of Matter

Without qualifying our report, we draw attention to note 47 to the financial statements, which describes the impact of Covid-19 pandemic, and its possible consequential implications, on the company's operations.

Our opinion is not modified in respect of the above matter.

Information other than the Ind AS Financial Statements and the Auditor's report thereon

The Company's Board of directors is responsible for preparation of other information. The other information comprises the information included in the management discussion and analysis, Board's Report including annexures to Board's Report, Corporate Governance Report and Shareholder's information, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report the fact. We have nothing to report in this regard.

Management's Responsibility for the Ind AS Financial Statements:

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting

policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design

audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and event in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these

matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements:

- 1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we enclose in "**Annexure 1**", a statement on the matters specified in Paragraphs 3 and 4 of the Order, to the extent applicable.
- 2) As required by Section 143 (3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid Ind AS Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2022, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022, from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure 2**".

- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the company to its directors during the year is in accordance with the provisions of Section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

ANNEXURE 1 TO INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of LGB Forge Limited on the financial statements for the year ended 31-03-2022]

In terms of the information and explanation sought by us and given by the Company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we report the following:

- i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

- (b) During the year, the Property, Plant and Equipment of the Company have been physically verified by the management at regular intervals; as informed no material discrepancies were noticed on such verification. In our opinion, the frequency of physical verification is reasonable having regard to the size of the Company and the nature of its assets.

- (c) The title deeds of immovable properties recorded as Property, Plant and Equipment in the books of accounts of the company are held in the name of the company except for the details given below:

Description of Property	Gross Carrying Value as on March 31, 2022	Held in name of	Whether promoter, director or their relative or employee	Period Held	Reasons for not being held in the name of the Company
Land & Building Mysore	₹ 80.26 lakhs	L.G. Balakrishnan & Bros Limited	Enterprise in which directors are interested	14 years	The Land & Building is in the name of L.G. Balakrishnan & Bros Limited for which the ownership is established by way of demerger vide court order dated 21.04.2008 sanctioning the scheme of demerger.

- (d) The Company has not revalued its Property, Plant and Equipment (including right of use assets) and Intangible Assets during the year.

- (e) No proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder. Hence, reporting under this clause (i)(e) of Paragraph 3 of the Order is not required.

- ii) (a) The inventory has been physically verified during the year by the management. In our opinion the frequency of verification is reasonable and the procedure and coverage followed is appropriate. The Company has maintained proper records of inventories. No discrepancies were noticed on verification between the physical stocks and the book records that were 10% or more in aggregate for each class of inventory.

- (b) The company has been sanctioned working capital in excess of five crore rupees, in aggregate, from banks and financial institutions on the basis of security of current assets. The quarterly returns or statements filed by the company with banks and financial institutions are in agreement with the books of accounts of the company.

- iii) The Company has not granted any loans secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties covered in register maintained under Section 189 of the Companies Act, 2013. Hence, reporting under clause (iii) of Paragraph 3 of the Order is not required.

- iv) The Company has not provided any loans, guarantees or security as specified in Section 185 or 186 of the Act. In respect of investments made by the company, we are of the opinion that the provisions of Sections 185 & 186 of the Act have been complied with.

- v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits during the year within the provisions of Section 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014. We have been informed that no order has been passed by the Company Law Board or the National Company Law Tribunal or the Reserve Bank of India or any Court or any other Tribunal in this regard.

- vi) We have broadly reviewed the books of account maintained by the Company in respect of products where the maintenance of cost records has been specified by the Central Government under sub-section (1) of Section 148 of the Act and the rules framed there under and we are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate and complete.

- vii) (a) The Company is generally regular in depositing with appropriate authorities, undisputed statutory dues including Provident fund, Employees' state insurance, Income tax, Goods and Service Tax, Customs duty, Cess and any other statutory dues with the appropriate authorities and there are no undisputed statutory dues outstanding for a period of more than six months from the date they became payable as at the balance sheet date.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident fund, Employees' state insurance, Income tax, Goods and Service tax, Customs duty, Cess and any other material statutory dues applicable to it, were outstanding, at the year end, for a period of more than six months from the date they became payable.

- (b) The particulars of disputed statutory dues are as follows:

Name of the Statute	Nature of Due	Amount Disputed (₹)	Amount Unpaid (₹)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Demand raised u/s. 201(1)	11,86,252	2,76,675	A.Y.2011-12	Commissioner of Income tax (Appeals), Chennai.
Income Tax Act, 1961	Demand raised u/s. 201(1)	4,78,244	4,78,244	A.Y.2012-13	Commissioner of Income tax (Appeals), Chennai.

- viii) According to the information and explanation provided to us, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

- ix) In our opinion and according to the information and explanation provided to us,

- (a) There has been delay in payment of the following Term Loans -

Nature of borrowing, including debt securities	Name of lender	Amount not paid on due date (₹ in lakhs)	Whether principal or interest	No. of days delay or unpaid	Remarks, if any
Short term Borrowing	Bajaj Finance Ltd	12.48	Interest	4	Penalty for delayed payment has been paid
Short term Borrowing	Bajaj Finance Ltd	12.48	Interest	1	Penalty for delayed payment has been paid

- (b) The company is not declared as a willful defaulter by bank or financial institution or government or any government authority.
- (c) The term loans taken were applied for the purpose for which it was obtained.
- (d) The funds raised on short term basis have, prima facie, not been used during the year for long term purposes by the Company.
- (e) The company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- (f) The company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies
- x) (a) We are of the opinion that the company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loan during the year. Accordingly, reporting under clause (x) (a) of Paragraph 3 of the Order is not applicable.
- (b) The company has not made any preferential allotment or private placement of shares or convertible debentures during the year and hence reporting under clause (x) (b) of Paragraph 3 of the Order does not arise.
- xi) In our opinion and according to the information and explanation provided to us
 - (a) No frauds by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.
 - (b) No report under sub-section (12) of Section 143 of the Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year and up to the date of this report.
 - (c) The Company has not received any whistle blower complaints during the year (and up to the date of this report.
- xii) The company is not a Nidhi Company and hence reporting under clause (xii) (a), (b) and (c) of Paragraph 3 of the Order does not arise.
- xiii) According to the information and explanation given to us, and based on our examination of the records of the Company, the transactions with the related parties are in compliance with Section 177 and 188 of the Act and the details thereof have been disclosed in the Ind AS Financial Statements as required by the applicable accounting standards and the Act.
- xiv) (a) In our opinion, the company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, reporting under clause (xv) of Paragraph 3 of the Order does not arise.
- xvi) According to the information and explanation given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934 and hence, reporting under clause (xvi)(a)(b)(c)(d) of Paragraph 3 of the Order is not applicable.
- xvii) Based on our audit procedures and the information and explanations given by the management, we are of the opinion that the company has not incurred cash losses in the financial year and in the immediately preceding financial year.

- xviii) There has been no resignation of statutory auditors during the year and hence reporting under clause (xviii) of Paragraph 3 of the Order is not applicable.
- xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, and our knowledge of the Board of Directors and management plans, and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that the company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We however state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx) Section 135 of the Act does not apply to the company, therefore reporting under clause (xx)(a) and (b) of Paragraph 3 of the Order is not applicable to the company.
- xxi) The company does not have any Indian Subsidiary and hence reporting under clause (xxi) of Paragraph 3 of the Order is not applicable to the Company.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of LGB Forge Limited on the Financial Statements for the year ended 31-03-2022]

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **LGB Forge Limited** ("the Company") as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for the Internal Financial Controls

The Board of directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility:

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with

ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- 1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

- 3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting:

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes

in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022
Note No. 1
A Corporate Information

LGB Forge Limited was incorporated on 07.06.2006. The company is into manufacturing of Cold and Hot forged components and has its manufacturing unit at Tamilnadu, Karnataka and Pondicherry. The company concentrates in manufacturing high volume Auto, Electrical & Transmission forged components for automobiles, non automotive segments like Valve Industry and infrastructure equipment industry including machining for customers in automotive, off-road and non-automotive segments.

B SIGNIFICANT ACCOUNTING POLICIES:
I. General Information and Statement of compliance

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under Section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act. The Company has uniformly applied the accounting policies during the periods presented.

II. Basis of preparation and presentation

The financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India.

The financial statements have been prepared on historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market

participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes in to account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

III. Use of Estimates

The preparation of financial statements is in conformity with generally accepted accounting principles which require the management of the Company to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future period. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Application of accounting policies that require "significant accounting estimates involving complex and subjective Judgements and the use of assumptions" in these financial statements have been disclosed separately under the heading "Significant accounting Judgements, estimates and assumption".

Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the company's functional currency. All financial information presented in INR has been rounded to the nearest lakhs (upto two decimals).

These financial statements are approved for issue by the Company's Board of Directors on 28th May, 2022.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022
IV. Current versus non - current classification

The entity presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is classified as current, when:

- It is expected to be realised or intended to be sold or consumed in normal operating cycle. It is held primarily for the purpose of trading.
- It is expected to be realised within twelve months after the reporting period, or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- All other assets are classified as non-current. A liability is classified as current, when:
- It is expected to be settled in normal operating cycle.
- It is held primarily for the purpose of trading.
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.
- The entity classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

V. Revenue Recognition Sale of goods

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue on sale of goods is recognized when the risk and rewards of ownership is transferred to the buyer, which generally coincides with the despatch of the goods or as per the inco-terms agreed with the customers.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment. It comprises of invoice value of goods including excise duty and after deducting discounts, volume rebates and applicable taxes on sale. It also excludes value of self-consumption.

Income from Service

Income from sale of services is recognized when the services are rendered as per the terms of the agreement and when no significant uncertainty as to its determination or realisation exists.

In respect of the exports made by the Company, the related export entitlements from Government authorities are recognized in the statement of profit and loss when the right to receive the incentives/ entitlements as per the terms of the scheme is established and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

Interest Income

Interest income is recorded using the effective interest rate (EIR) method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividend income

Dividend income is recognized when the company's right to receive dividend is established by the reporting date, which is generally when shareholders approve the dividend.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022
RODTEP and other Export Incentives

The products of the Company are eligible for various export incentives from the Government of India. Such incentives are recognized as other operating revenue when there is a reasonable assurance that the company will comply with all the necessary conditions attached to that.

VI. Property, Plant and Equipment

Property, Plant and Equipment (PPE) being fixed assets are tangible items held for use or for administrative purposes and are measured at cost less accumulated depreciation and any accumulated impairment. Cost comprises of the purchase price including import duties and non-refundable purchase taxes after deducting trade discounts and rebates and any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the Management. Financing costs relating to acquisition of assets which take substantial period of time to get ready for intended use are also included to the extent they relate to the period up to such assets are ready for their intended use. Items of stores and spares that meet the definition of PPE are capitalized at cost and depreciated over its useful life. The Carrying amount of an item of PPE is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from de-recognition of Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized. Depreciation on Property, Plant and Equipment (PPE) are provided under straight line method as per the useful lives and manner prescribed under Schedule II to the Companies Act, 2013,

except for building and medical equipments, which are depreciated over the useful life as estimated by the management. The management believes that the useful life adopted reflect the expected pattern of consumption of future economic benefit:

Particulars	Useful life
Factory Building	30 Years
Plant and Equipment	7.5 Years (Triple Shift)
Furniture and Fittings	10 Years
Vehicles	8 Years
Other Equipment	15 Years

Where the cost of a part of the PPE is significant to the total cost of the PPE and if that part of the PPE has a different useful life than the main PPE, the useful life of that part is determined separately for depreciation.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

The depreciation method applied to an asset is reviewed at each financial year-end and if there has been a significant change in the expected pattern of consumption of future economic benefits embodied in the asset, depreciation is charged to reflect the changed pattern.

VII. Intangible Assets

Intangible assets are recognized only if it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

Computer software licenses are capitalised on the basis of costs incurred to acquire and bring to use the specific software. Operating software is capitalised and amortised along with the related fixed asset. Other software is amortised, on a straight line method, over a period of three years based on management's assessment of useful life.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

In June 2018, the company has acquired a unit from Supreme Automech Private Limited in Pondicherry. During the course of acquisition, the company incurred Goodwill and Business Intellectual Property Rights which is amortised on a straight line method, over a period of five years based on management's assessment of useful life.

Useful lives of Intangible Assets

Class of Assets	Useful life
Software	3 Years
Goodwill	5 Years
Intellectual Property Rights	5 Years

VIII. Impairment of Property, Plant and Equipment and Intangible Assets

The carrying amounts of its tangible and Intangible assets are reviewed, as at each balance sheet date, to determine if there is any indication of impairment based on internal / external factors. An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. The recoverable amount is greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows as a cash generating unit are discounted to the present value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an extent occurring after the impairment loss was recognized. The carrying amount of an asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

IX. Inventories

Inventories are valued at lower of cost and net realizable value. Cost includes all direct

costs and applicable production overheads, to bring the goods to the present location and condition.

- Costs of raw materials, packing materials, tools and dies and Store & Spare Parts are computed on weighted average basis.
- Costs of finished goods and semi-finished goods are computed on weighted average basis.
- Agriculture Produce is valued at estimate realizable value.
- Cost of stock held for trading are computed on weighted average basis.

X. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a) Financial assets
Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortized cost.
- Debt instruments at fair value through other comprehensive income (FVTOCI);
- Debt instruments and equity instruments at fair value through profit or loss (FVTPL);

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

- (iv) Equity instruments measured at fair value through other comprehensive income (FVTOCI).

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met: The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and The asset's contractual cash flows represent SPPI. Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI).

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at

amortized cost or as FVTOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss. In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

De-recognition of Financial Assets

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily de-recognized when: The rights to receive cash flows from the asset have expired, or

The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass through' arrangement and either:

- (a) the Company has transferred substantially all the risks and rewards of the asset, or
- (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset. When the Company has transferred its rights to receive cash flows from an asset or has entered into a passthrough arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

liability are measured on a basis that reflects the rights and obligations that the Company has retained.

b) Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and transaction cost (if any) that is attributable to the acquisition of the financial liabilities is also adjusted.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

i. Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Gains and losses are recognized in profit or loss when the liabilities are de-recognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

ii. Trade and other payables

These amounts represent liabilities for goods or services provided to the Company which are unpaid at the end of the reporting period. Trade and other payables are presented as current liabilities when the payment is due within a period of 12 months from the end of the reporting period. For all trade and other payables classified as current, the carrying amounts approximate fair value due to the short maturity of these instruments. Other payables falling due after 12 months from the end of the reporting period are presented as non-current liabilities and are measured at amortized cost unless designated as fair value through profit and loss at the inception.

iii. Other financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gains or losses on liabilities held for trading are recognized in the profit or loss.

De-recognition of Financial Liabilities

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or Modification is treated as the de- recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

c) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

d) Compound Financial Instruments

A financial instrument that comprises of both the liability and equity components are accounted as compound financial instruments. The fair value of the liability component is separated from the compound instrument and is subsequently measured at amortized cost. The residual value is recognized as equity component of other financial instrument and is not re-measured after initial recognition.

The transaction costs related to compound instruments are allocated to the liability and equity components in the proportion to the

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

allocation of gross proceeds. Transaction costs related to equity component is recognized directly in equity and the cost related to liability component is included in the carrying amount of the liability component and amortized using effective interest method.

XI. Impairment of Financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition.

XII. Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participant's would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities;

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable, or

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period

XIII. Foreign currencies

a) Initial recognition

Foreign currency transactions are recorded in the functional currency, by applying to the exchange rate between the functional

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

currency and the foreign currency at the date of the transaction.

b) Conversion

Foreign currency monetary items are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or any other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Foreign currency monetary items are reported using closing foreign exchange rate. Non-monetary items, which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of transaction.

Exchange differences arising on the settlement of monetary items or on reporting company's monetary items at rates different from those at which they were initially recorded during the year or reported in previous financial statements are recognized as income or as expenses in the year in which they arise.

XIV. Borrowing costs

Borrowing costs attributable to the acquisition or construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use.

All the other borrowing costs are recognized in the statement of profit and loss in the period in which they are incurred.

XV. Employee benefits

a) Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered service entitling them to the contributions.

Liabilities with regard to the Gratuity plan and Long term Compensated absences are determined by actuarial valuation, performed by an independent actuary, at each Balance sheet date using the projected unit credit method. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognized in other comprehensive income in the period in which they occur. Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorized as follows:

Service cost (including current service cost, past service cost, as well as gains losses on curtailments and settlements);

Net interest expense or income; and Re-measurement of actuarial gain/losses.

The Company presents the first two components of defined benefit costs in the statement of Profit and Loss in the line item 'Employee benefits expense'.

The retirement benefit obligation recognized in the balance sheet represents the actual deficit or surplus in the Company's defined plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

the plans or reductions in future contributions to the plans.

b) Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. Liability recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service. Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

XVI. Leases

The company has adopted Ind AS 116 "Leases" with effect from 1st April 2019. The company has measured Right-to-use Asset and Lease Liability based on the remaining lease period and payments discounted using the incremental borrowing rate as at the date of initial application. The Company's lease asset classes primarily consist of leases for Land and Buildings. The Company assesses whether a contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of asset through the period of the lease; and

- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straightline basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future least payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made. A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets. Lease liability and ROU asset have been separately presented

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

in the Balance Sheet and lease payments have been classified as financing cashflows.

XVII. Taxation

Income tax expense comprises current tax and the net change in the deferred tax asset or liability during the year.

a) Current Tax

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961, and based on the expected outcome of assessments/appeals.

b) Deferred Tax

Deferred tax is recognized on temporary differences between the accounting income and the taxable income for the year and quantified using the tax rates and laws enacted or substantively enacted as on the Balance Sheet date.

Deferred tax assets are recognized and carried forward to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exist to set off current tax assets against current tax liabilities and deferred tax assets/deferred tax liabilities relate to same taxable entity and same taxation authority.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing

evidence that the Company will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

XVIII. Provisions

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value unless otherwise required by the standard and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

XIX. Earnings per share

- a) Basic earnings per share are computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year.
- b) For the purpose of calculating diluted earnings per share, the profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

XX. Cash and Cash Equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management to make Judgements, estimates and assumptions that affect the reported balances of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the company's accounting policies :

a) Useful lives of depreciable assets

Management reviews the useful lives of depreciable assets at each reporting period. As at March 31, 2022 management assessed that the useful lives represent the expected utility of the assets to the Company. Such lives are dependent upon an assessment of both the technical lives of the asset and also their economic lives based on various internal and external factors including efficiency and operating costs. Accordingly depreciation lives are reviewed annually using the best information available to the management.

b) Evaluation of indicators for impairment of assets

The evaluation of applicable indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of

the assets

c) Recognition of deferred tax liability

Significant management judgement is required to determine the amount of deferred tax asset that can be recognized based on the likely timing and the level of future taxable profits together with future tax planning strategies.

d) Provision and contingent liability

Provisions and liabilities are recognized in the period when it becomes probable that there will be future outflows of funds from past events that can reasonably be estimated. The timing of recognition requires application of judgement to existing facts and circumstances which may be subject to change.

On an ongoing basis, the Company reviews pending cases, claims by third parties and other contingencies. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in financial statements. Loss contingencies that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies, the likelihood of which is remote, are not disclosed in the financial statements.

e) Defined benefit obligation

Management's estimate of the Defined Benefit obligation is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may impact the obligation amount and the annual defined benefit expenses.

f) Fair value measurements

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

C. Financial risk management objectives

The Company's businesses are subject to several risks and uncertainties including financial risks.

The Company's activities expose it to credit risk, liquidity risk, market risk - interest rate risk and foreign currency risk. The Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Measurement
Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost.	Ageing analysis, Credit ratings
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts
Market risk -Interest rate risk	Long-term borrowings at variable rates	Cash flow forecasting, Sensitivity analysis
Foreign Currency risk	Recognised financial assets and liabilities not denominated in functional currency	Cash flow forecasting, Sensitivity analysis

i. Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. The company's credit risk generally arises from Cash and cash equivalents, trade receivables, and other financial assets.

Credit Risk Management

The Company assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets.

A: Low credit risk

B: Moderate credit risk

C: High credit risk

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

Assets Group	Description of category	Particulars	Provision for expected credit loss *
Low credit risk	Assets where the counter- party has strong capacity to meet the obligations and where the risk of default is negligible or nil.	Cash and cash equivalents, other bank balances, investments, loans, trade receivables and other financial assets.	12 month expected credit loss/life time expected credit loss.
Moderate credit risk	Assets where the probability of default is considered moderate counter-party where the capacity to meet the obligations is not strong.	Nil	12 month expected credit loss/life time expected credit loss.
High credit risk	Assets where there is a high probability of default.	Nil	12 month expected credit loss/life time expected credit loss.

*Life time expected credit loss/fully provided for trade receivables

Based on business environment in which the Company operates, a default on a financial asset is considered when the counterparty fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions. Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or litigation decided against the Company. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognized in statement of profit and loss.

Classification of financial assets among risk categories:

Total	2,612.58	2,109.41

As per simplified approach, the Company makes provision of expected credit losses on trade receivables based on past experienes to mitigate the risk of default in payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

ii. Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company invests its surplus funds in bank fixed deposit. The Company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.

Liquidity Risk Management

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

Particulars	< 1 Year	1 - 5 years	> 5 years	Carrying amount

Borrowings	90.00	51.28	-	141.28
Total	2,740.14	51.92	-	2,792.06

iii. Market risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Company actively manages its currency and interest rate exposures through its finance division and uses derivative instruments such as forward contracts and currency swaps, wherever required, to mitigate the risks from such exposures. The use of derivative instruments is subject to limits and regular monitoring by appropriate levels of management.

Interest Rate risk

The Company is exposed to interest rate risk because it borrow funds at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings.

Particulars	31.03.2022	31.03.2021
Floating rate loans	1,183.58	1,077.91
Fixed rate loans	-	-
Total Borrowings	1,183.58	1,077.91

Interest rate sensitivity analysis

If interest rates had been 100 basis points higher / lower and all other variables were held constant, the Company's profit for the year ended 31st March, 2022 would decrease / increase by ₹ 12.36 Lakhs (for the year ended 31st March, 2021: decrease / increase by ₹ 3.01 Lakhs). This is mainly attributable to the Company's exposure to interest rates on its variable rate borrowings.

iv. Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company actively manages its currency rate exposures through a centralised treasury division and uses natural hedging principles to mitigate the risks from such exposures. The use of derivative instruments, if any, is subject to limits and regular monitoring by appropriate levels of management.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Fair Value Hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety. The three levels are explained as follows:

- Level 1 – Inputs are quoted prices in active markets for identical assets or liabilities that the company can access at the measurement date. These quoted prices are unadjusted.
- Level 2 – Inputs are inputs, other than quoted prices included in level 1, that are observable for the asset or liability, either directly or indirectly."
- Level 3 – Inputs are unobservable inputs for the asset or liability.

46. RETIREMENT BENEFIT PLANS
Defined contribution Plans

In accordance with Indian law, eligible employees of the Company are entitled to receive benefits in respect of provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary. The contributions, as specified under the law, are made to the Provident fund as well as Employee State Insurance Fund.

The expense recognised during the period towards this defined contribution plan is ₹ 50.98 Lakhs (March 31, 2021 – ₹ 63.72 Lakhs).

Defined benefit plans
(a) Gratuity

Gratuity is payable as per Payment of Gratuity Act, 1972. In terms of the same, gratuity is computed by multiplying last drawn salary (basic salary including dearness Allowance if any) by completed years of continuous service with part thereof in excess of six months and again by 15/26. The Act provides for a vesting period of 5 years for withdrawal and retirement and a monetary ceiling on gratuity payable to an employee on separation, as may be prescribed under the Payment of Gratuity Act, 1972, from time to time. However, in cases where an enterprise has more favourable terms in this regard the same has been adopted.

These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to the market yields on government bonds denominated in Indian Rupees. If the actual return on plan asset is below this rate, it will create a plan deficit.
Interest risk	A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments.
Longevity risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The principal assumptions used for the purposes of the actuarial valuations of all divisions were as follows:

Particulars	March 31, 2022	March 31, 2021
Mortality Table	Indian Assured Lives Mortality (2012-14) Ultimate	
Attrition Rate	5.00% p.a.	5.00% p.a.
Discount Rate	7.48% p.a.	7.48% p.a.
Rate of increase in compensation level	13.00% p.a. F5Y & 7.00% p.a. TA	13.00% p.a. F5Y & 7.00% p.a. TA
Rate of Return on Plan Assets	7.08% p.a.	7.08% p.a.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Amounts recognised in profit and loss in respect of these defined benefit plans are as follows:

Particulars	March 31, 2022	March 31, 2021

b) Compensated absences

The leave scheme is a final salary defined benefit plan, that provides for a lumpsum payment at the time of separation; based on scheme rules the benefits are calculated on the basis of last drawn salary and the leave count at the time of separation and paid as leave encashment.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

The design entitles the following risk:

Interest rate risk	The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.
Salary inflation risk	Higher than expected increases in salary will increase the defined benefit obligation.
Demographic risk	This is the risk of volatility of results due to unexpected nature of decrements that include mortality attrition, disability and retirement. The effects of these decrement on the DBO depend upon the combination salary increase, discount rate, and vesting criteria and therefore not very straight forward. It is important not to overstate withdrawal rate because the cost of retirement benefit of a short caring employees will be less compared to long service employees.

11	Return on Investment	Net Profit	Cost of Investment	15.75%	13.07%	20.48%

* The following ratios show a change of more than 25% as compared to last year. The reasons for the high variance are as under:

- Debt Service Coverage Ratio: Increase in the Borrowings and a significant reduction in the Net Operating Income has adversely affected the ratio.
- Trade Payables Turnover Ratio: Purchases for the year has almost doubled, whereas, accounts payable has only increased by 2%, thus improving the ratio.
- Net Profit Ratio: A significant increase in Turnover, but a minor increase in Profit after tax has led to a reduction in the Net Profit Ratio.
